

About the Conference

The annual and highly successful logistics conference and exhibition attracts attendees from across the United States and Europe. Year 2002 is the 9th annual. At **\$95.00** it is the best educational value for managers, engineers and logisticians from Government and commercial business sectors. This years program adds a new track involving Ball Grid Array Manufacturing technology and product support issues. Dr Rivers' track on Lean Thinking & Six Sigma offers CEU credit for attendees. Also new for 2002 are luncheon table topic discussions and a vendor forum for product application.
